## Your Challenge

- In the face of all challenges, what are my higher development-tasks and the solution-keys, also to overcome my fears?
- What are my unconscious programs that prevent me from living myself to the fullest as well as the resp. leadership and how do I re-program them?
- What are the right next steps for me, which I, myself, make clear to me through techniques that allow to become aware of the unconscious?
- How do I create a better leadership-connection with my team and the whole staff to accelerate the unfolding of our collective potential?

## Your Solution

- You discover yourself and your self in the context of the whole situation more holistically and you recognize unexpected contexts, you unblock and multiply strength, you get essential knowledge and insights, develop underestimated skills and successfully enter more suitable new territory.
- You learn to distinguish the self from the ego and recognize how achieving your own goals works in a way that at the same time works for the better of the whole > Success follows who follows the self - and so do teams follow.
- You combine the personal with the corporate development and you involve other people where it's relevant from a higher perspective.
